

LEOPARD

Sure we love you
Dear ole New Home
Forever and ever,
And the memories
We'll cherish
Forever and a day.
For the many hours
We've spent here
With friends, old and new
Oh, God, bless you.
Dear ole New Home
To you we'll be true

Dedication

The 1973 Senior Class would like to dedicate this annual to Mrs. Nancy Jeffreys, for her constant loyalty and assistance to us. We look upon her not only as a dedicated teacher, but a friend. Later in life as we look back at our high school years, we will remember Mrs. Jeffreys as the one who stood by us all the way.

Last Will and Testament

We, the Senior Class of 1972-73, being of sound mind and body do hereby make this our last will and testament. There are several individual and double bequeaths, before we state who receives the bulk of our fortunes.

Letecia Caballero bequeaths her quiet ways to Vickie Harmonson and Mike Gonzales, who could use a few.

Albert Vasquez leaves his small ability for the mile, his dearest possession, his boots, his good looks, personality, and brain to Rudolfo Riojas. What more could he ask for?

John Mendoza leaves his wise-cracks to Joe Rodriquez and Edward Zavala, to help make life unbearable for the study hall keeper of next year.

Andy Fillingim and Mike White leave Wayne Eakin, and Nickey Hodges their talent for being ladies men. The girls will not have a chance!!

Melva Caballero and Sylvia Roman, to try to even up the odds with the boys, leave Delia Gomez, Diana Caballero, and Sheila McClintock their flirty ways.

Karon Edwards bequeaths her Cinderella Band-Aids, left to Karon by Becky Blevins last year, to Debbie White, although Debbie may need a couple more.

Lisa Tucker leaves her Lifesavers and tricks on how to catch a man and keep him to Mary Hernandez and Judy Turner. Good luck next year girls!!

Jerry Pectol and Gene Roberson leave their jump-shots and basketball playing abilities to Dave Smith. We hope Dave will be able to improve them.

Harvey Schoppa and Stacy Gill leave their height, strength, and good looks to Roger Moreno, who could use some extra?????

Pedro Flores and Manuel Gonzales leave their charm to Linda Harmonson, with no comments attached.

Earnest Thomas bequeaths his speed to Pedro Mendoza with a slight condition clause attached, his speed is not to be used to chase girls!!

And now for the moment you've all been waiting for. Loretta Wuensche and Mark Clem receive the bulk of our fortunes:

Patti Nettles leaves her temper to Loretta in the hope that she'll use it. Pam Johnston leaves her nickname SALT to Loretta. Dale McCullough leaves her sarcastic remarks to Loretta. Carol Sealy leaves her ever undying wit to Loretta. Make good use of these bequeaths, Loretta!!!!

Dan Williams wills his determination and ability to keep out of trouble to Mark Clem. Stanley McNeely leaves his ability to talk to girls to Mark. Jose Torres leaves his nice manners to Mark in the hope that they may help give us a new Mark!!!!

Finally, James Sharp wills his headband to the whole Junior Class to keep them from getting the "big head" when they become seniors. And last, but not least, Miss Bibble just leaves . . .

WHO IS WILLIE WIREDHAND?

Willie Wiredhand is the symbol of the rural electrification program as carried on all across our nation by member cooperatives of the National Rural Electric Cooperative Association.

Willie has become a permanent 'hired hand' for the farmer and other rural folk, one who is a tireless worker and one who never shirks his duty.

Willie has been on the job since 1950 to notify the public about the vast rural electric system.

We're proud to be a part of that system.....

The Blue Sky Energy.

We can't take credit for it. That's just the way it happens to be. Natural gas is clean burning. Doesn't dirty the air. It helps preserve the clean, blue skies of today for tomorrow.

What we can take credit for is working to provide a continuous supply of clean gas energy . . . to warm people, to cool people, to cook their meals, to heat their water, to dry their clothes . . . gas to help industry do its work.

Clean, efficient, versatile Natural Gas . . . the blue sky energy for today and tomorrow.
